

Drinks

At Fiasco Catering, we tailor beverage packages to suit your event, so you can impress your boss, please your father-in-law or bless your staff. International wines and boutique beers, fresh cocktails or non-alcoholic sodas, these aren't your average function refreshments. Our BYO Beverage option allows you to select and supply the drinks while being served by our experienced waiters and bar staff. Not sure how much your guests will drink? We also offer beverage packages on consumption, so you won't have to turn water into wine after all.

Clinking glasses, a heartfelt toast, a shared pot of tea. Drinks and hospitality are the best of friends. A great drinks menu can be your ultimate ally in creating a successful event. More than just something to keep waiters busy all night, your drink selection helps set the atmosphere and lets your guests know how much you love them.
